

New Academy Charter School  
Where Pride Still Matters

September 7, 2018

To New Academy Charter School Parents and Guardians:

Have you ever been blindsided by progress reports or a report cards with poor grades? Are you tired of getting a grunt from your child when you ask, "How are your classes going?" If so, there is an incredible service provided that allows you to avoid these instances and go right to the source- the teacher's grade book. That right! You can use PowerSchool to access your child's grades and attendance in every class every hour of every day!

To access this information, you will need to follow these steps:

1. Open the Internet browser on your computer.
2. Type in <https://theacademyschools.powerschool.com> to take you to the Parent/Student Login Page.
3. Click the button that says 'Create Account.'
4. Create your account by completing the requested information. Then, "Link your students to your Account' by using the parent Access ID and Access Password provided in a separate letter.
5. View the information.
6. Remember to log off when you are finished.

You or your child can track academic progress from any location that has Internet access. If you do not have Internet access, the public library has computers open to access your child's records. Always keep your password confidential so only you can access the information.

Below are the links you will find helpful:

- *Grades and Attendance*- check assignments and scores by clicking on the blue percentage across from a class.
- Blue teacher's name link- email questions or comments to the teacher
- *Grades History*- Your child received in previous grading periods
- *Teacher Comments* - used to access current teacher comments for your student.

If you have any questions regarding the use of PowerSchool, Please email Kristen Harpster at: [harpsterk@theacademysystem.com](mailto:harpsterk@theacademysystem.com) or Jamie Hopkins at [smithja@theacademysystem.com](mailto:smithja@theacademysystem.com)

Finally, I strongly encourage you to utilize this tool daily. The more knowledge you have about what's going on in classroom the better your conversation will be with your child and your child's teachers and the less likely your child will fall behind.

Remember to like us on Facebook!!
