JUNE 17 TO JUNE 21

CRITTER CAMP

Each Critter Camp day will include a high-energy, minimally structured hunt to find and learn about as many different plants and animals as possible. You can share your discoveries and use our lab facilities to examine your specimens under the microscope and use them in simple experiments and creative projects. You'll also be taken on a field trip to a local stream on one of the five days. This camp will spark your enthusiasm for the natural world!

Time: 9 a.m. to 2 p.m.

Grades: 2-6

Fee: \$175 (\$165 before May 17)

JUNE 17 TO JUNE 21

CSI - CRIME SCENE INVESTIGATION CAMP

Investigate a simulated crime scene! Role-play as detectives and scientists working in teams to analyze clues to solve the crime. Learn the job duties of an actual crime scene investigator. What special skills, knowledge and abilities must they have? What education and experience are needed to qualify for the job? At this camp, you'll learn to use forensic techniques to collect evidence; mathematical problem solving to analyze clues and interpret situations; and scientific reasoning to solve the crime.

JULY 8 TO JULY 12

GIRLS' BASKETBALL

Welcome to Penn State Girls' Basketball School, a great opportunity for growth and success in your game! Our staff is composed of enthusiastic, caring, hard-working Penn State coaches, who will work with the campers on basketball fundamentals and team concepts of the game. Improve your basketball skills while having fun at the same time. In addition to teaching basic skills, the staff will provide opportunities for daily competitions.

Time: 9 a.m. to noon

Grades: 3-9

Fee: \$110 (\$99 before June 8)

JULY 8 TO JULY 12

LEGO ROBOTICS

Lego Mindstorms are used in this camp, which features compelling activities and hands-on robotic challenges guided by facilitators. After a challenge is introduced, you will work in teams to design, program and test your robots. Learn how to try different strategies when designing and programming the robots. Through this approach, you can develop skills involved in teamwork, including communication, problem solving, engineering and troubleshooting — and learn that often there is not one answer to a practical problem, but a number of possible solutions.

Time: 9 a.m. to noon

Grades: 2-5

Fee: \$110 (\$99 before June 9)
