

IMMUNIZATIONS NEEDED FOR ENROLLMENT

The Idaho Immunization Law requires an official immunization record that verifies the following:

- 5 DTaP
- 4 Polio
- 2 MMR
- 3 Hep B
- 2 Hep A
- 2 Varicella

It is the parent's responsibility to provide this information to the school upon enrollment. Central District Health Department has daily immunization clinics. Please call them at **208-327-7450** for an appointment. You have plenty of time prior to the start of school to complete any needed immunizations. Do not delay in making an appointment if your child still needs shots.

Compliant immunization records are required for your child to attend.

BIRTH CERTIFICATE INFORMATION

Please bring in a copy of your child's birth certificate when submitting your enrollment information. A copy of your child's birth certificate is required within 30 of the enrollment date.

If your child was born in Idaho, you can order your child's birth certificate at www.vitalrecords.dhw.idaho.gov, or by calling 208-334-5988. The cost is around \$16.00. If you need assistance with this fee, please call our school counselor Ms. Sarah Dunn at 208-854-6853.

If your child was born in another state, you will need to order the birth certificate from the Vital Statistics in that state.
